

The Babylon Grade School Science Fair will be held virtually from April 24 to April 28, 2021.

This event is a wonderful opportunity for students to explore the world of science, develop their individual science interests, and engage in critical thinking.

This year, students will create a PowerPoint presentation. Projects will be shared through a movie compilation for each grade level.

Plan on participating?

The top finalist from each grade will represent our school at the Brookhaven National Lab Virtual Science Fair.

We are only accepting individual projects. No group projects are permitted..

Students will make slide presentations of no more than 15 slides.

Participants must fill out this permission slip or the digital version (found on Sway) by **Wednesday, March 17**, to receive a Science Fair Information Packet.

If you have questions, contact babylonsciencefair@gmail.com

Here is a link to the digital version of this permission slip, which can also be found on SWAY: <https://forms.gle/v4PGTnitq1rZrgkM6>

Please sign and return by **Wednesday, March 17, 2021**

I give my child _____ permission
to participate in the 2021 Science Fair.
